After decades of standing in the fire with leaders of high-performing organizations, Peter Sheahan has come to believe that an organization will only go commercially where its leaders first go personally.

Having grown his own companies by accelerating the growth and transformation for clients that include: Apple; Chick-fil-A; DeBeers; and AT&T -- Peter will provoke you to get bigger, by getting better! When leaders are true to their purpose, they gravitate towards doing work that matters and solving higher-order problems. The journey to get there requires that they have the courage to tell themselves the truth, take intelligent risks, and assume ownership for driving the alignment necessary to build an organization which behaves in ways worthy of its leadership position.

In being true to his own ambitions and relentless pursuit of growth, Peter has published seven books, built three global companies and delivered more than 2,500 presentations in 40+ countries. Today he is focused exclusively on inspiring leaders to do the hard work required to accelerate growth and transformation.
